

The City of San Diego

Special Commendation

Presented By
The Office Of
The Mayor

PRESENTED TO:

ESTEAN HANSON LENYOUN III

In recognition of your commitment and contribution to improving San Diego's inner city, through the "Christians in the Hood" ministry, you are commended.

By purchasing neglected property and rebuilding it, you have positively changed the lives of residents of Vista Grande Oasis as well as the surrounding area. Your "no compromise" governing rules for the complex provide a safe haven for children and have restored a sense of community.

Because of the "Christians in the Hood" ministry at the Vista Grande Oasis complex, violence calls have been significantly reduced and residents are being helped to move from welfare to work.

Thank you for your dedication to enhancing the quality of life in Valencia Park. Vista Grande Oasis is a prototype for California and the nation. Your efforts have made a difference and deserve special recognition.
